Thank you for your recent donation to Casa Reom Trust:

£3,300 for Casa Reom

This money will be used to support the ongoing work of the Casa Reom project in Beira, Mozambique.

The people of Beira are still rebuilding their lives after the devastation caused by cyclone Idai in 2019 and in the past month cyclone Eloise has hit the same region. Thankfully, the impact has not been as great this time but, once again, many people's homes have been damaged or destroyed. Casa Reom escaped with damage to a couple of roofs but the community still needs Casa Reom's support.
